SITTER PACKET · COUNTER CARD · THE LAW OF THE HOUSE

The Treat-Fairness Card

Because “they got more” is the real emergency, and it is preventable.

GROUND RULES

Treats live here .....

Each kid or pet gets ..... *per day*

Times treats allowed .....

If it is not on the list, it waits for the grown-ups. The sitter has full permission to say no. That is the job. The card is on your side.

BONUS TREATS — NEED A REASON

- ☐ Excellence at sharing
- ☐ Bravery at bed time

Bonus, who & why .....

TODAY'S TALLY

KID OR PET	TREAT	WHEN	TALLY MARKS

Same number for everyone, or a tiny extra recorded right there in ink. No mysteries.

If the tally goes sideways anyway, read the ground rules aloud like a judge, take a breath, and remember: bedtime is on page 2. The pet got zero treats? Also fair — the vet said so, and the vet outranks the card.

Print extra copies freely. Pin the used card next to the details sheet until the counters balance out.
